WEBINAR

SAP Data and Analytics Discovery Days

Hands-On Workshop — Hosted by Protiviti

Protiviti, together with SAP, invite you to join this two-hour virtual hands-on workshop.

In this session, you will learn how to:

- Apply best practices to load enterprise master and transactional data from Datasphere to SAC Planning models to streamline financial reporting
- Use SAC Web and Excel interfaces to create standard enterprise financial reporting packages and content from Datasphere-sourced data (GAAP and non-GAAP P&L, balance sheet, cash Flow, currency conversion and impact, variance bridge, ROIC, EPS, etc.)
- Apply best practices for building and using custom-calculated measures and

account dimension to streamline standard SAC financial reporting.
